First Increment Report

Team 5

- 1. Dosapati, Saidu Babu**
- 2. Vasireddy, Alaap**
- 3. Nooka, Nithin**
- 4. Cherukuri, Venkatesh**

PROJECT GOAL:

Users who are using smartphones do not know how they are spending time with their smart phones. Our aim is to collect all the user's information and present that data in an organized way to users by the end of the day. So, he can get good idea on how he is using his Smartphone. Our goal is to increase the productivity of users by this application.

Specific Objectives

- First, we need to find a way to collect the activity's in the background.
- Then we need to store all the data collected in a data base.
- Then we need to organize the data to show it to user in different formats. For example, apps with highest time used or most clicks or percentage.
- Then use Pie charts and histograms to represent the data.

Specific features

- User can see all his smart phone activities whenever he wants
- User can sort the time used by specific applications by day, week, month, year.
- User can see the data in pie charts and histograms
- User can request alerts based on specific activity time.

Significance

- This application can help people to better understand their digital life.
- It Helps them to focus on the thinks which are more important to them and avoid huge amount of time spending on whatever which is not useful.

MOCKUPS:

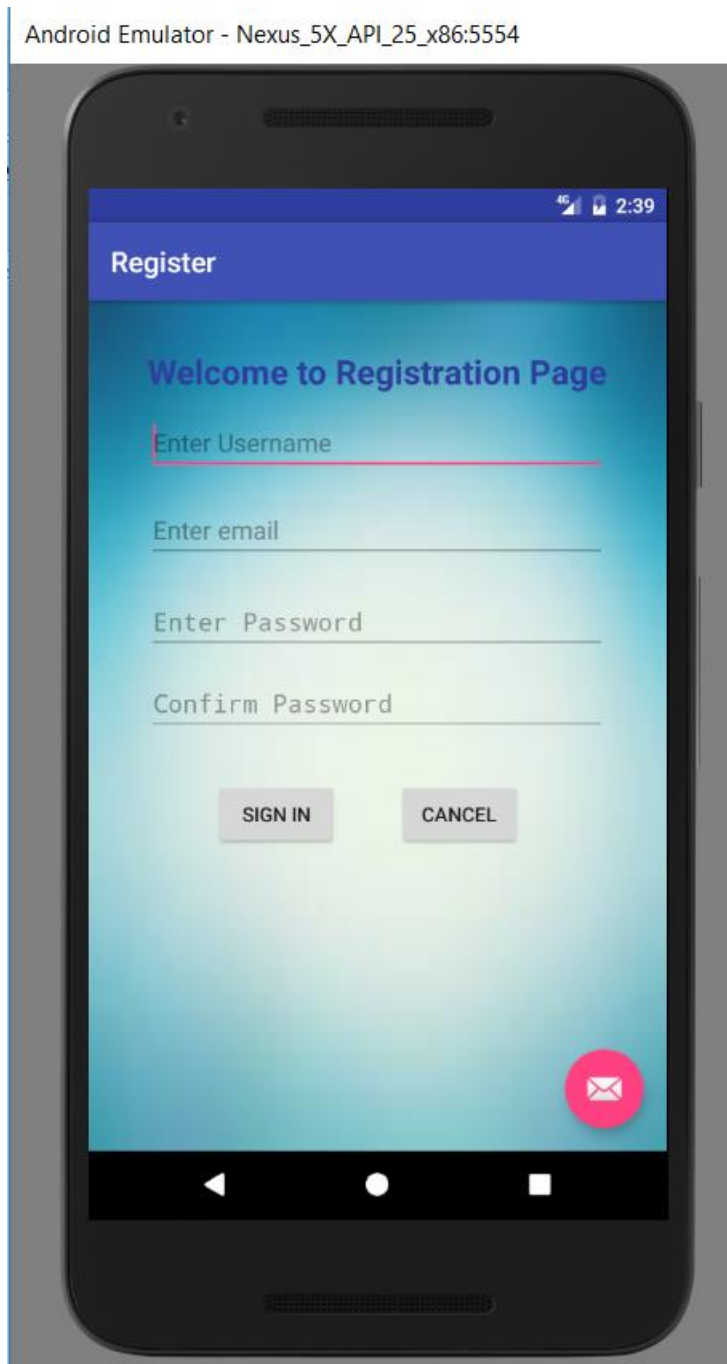

1. Login Page

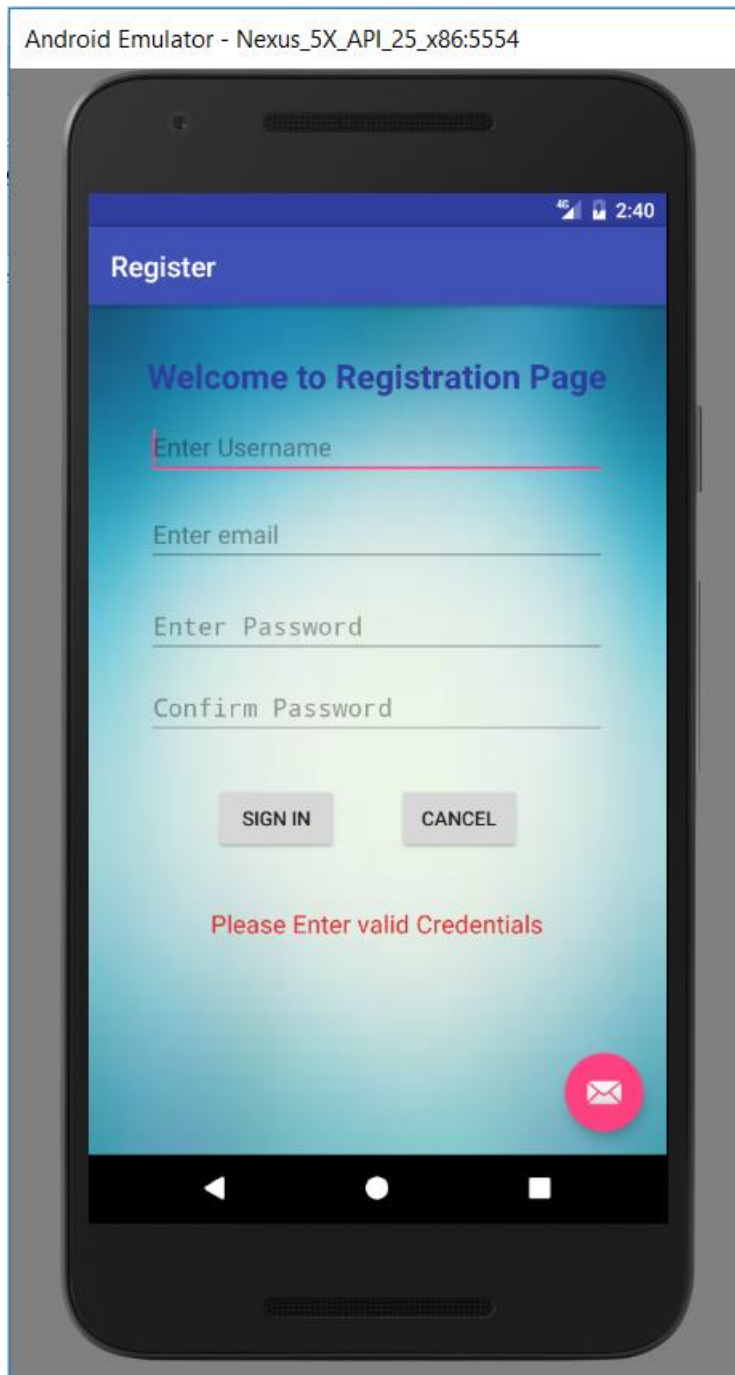

2. Login page validation:

3. Registration form page:

4. Registration form validation:

TEST CASES:

Test Case Name	Test Description	Expected Results	Pass/Fail
Login	Entered Invalid username and Invalid Password	Invalid Login Error Message should be displayed	Pass
	Entered Valid username and Invalid Password	Invalid Login Error Message should be displayed	Pass
	Entered Valid username and Valid Password	Application Should Be Redirected to Home page	Pass
Sign Up	Enter Email Id without @	Invalid Email id should be displayed	Pass
	Enter different confirm password	Invalid Error Message should be displayed	Pass
	Blank Spaces	Invalid Message should be displayed	Pass
